Our approach

Data-Driven Decisions

Rainforest collaborates with you to develop customized data reporting and analysis, ensuring you're well-prepared to capitalize on industry trends.

Prioritization of Food Safety

With continuous monitoring and a commitment to supply chain integrity, Rainforest meticulously manages its temperature-controlled transportation fleet and distribution centers to meet the highest food safety standards.

Aggressive Pricing Strategy

Our pricing models are designed to maximize retailer margins while ensuring competitive prices on the shelf.

Innovative Category Management

Our unique category management approach ensures you have the right product assortment, tailored to your customers' demographics and lifestyle.

Access to the Nation's Strongest Emerging Brands

Innovation drives our industry. Rainforest continuously sources new items that will excite your shoppers and enhance shelf competitiveness. Our assortment gives your store its unique identity and keeps shoppers returning, helping you build larger basket sizes.

A Focus on Fulfillment

Rainforest ensures the highest fulfillment rates for our customers. Our approach starts with strong supplier relationships to address demand planning and logistical challenges in advance. Additionally, Rainforest's operational redundancy across our warehouse network and dedicated transportation fleet ensures on-time delivery.

Baking

Creator Robin Jemal’s recipes have been tried and tested for over 10 years, and her products are now sold in over 200 stores. So what’s the secret ingredient (besides love, of course!) in our Dare To Be Different Cauliflower Crumbs? It’s 100% natural, nutrient-rich cauliflower. That’s right – we updated our favorite family recipes to make them healthier, lighter, and more nutritious. We love the way cauliflower crisps up, the reduced carbs, and delicious richer flavor. We think you will, too!

Made with naturally gluten-free cauliflower and rice flour.

No added sugars, gums, fillers or preservatives.

Contains flaxseed for added fiber and nutrition.

Crisps up like breadcrumbs, without the gluten.

Certified Kosher!

Baking Mixes, Ingredients, Flours

Committed to quality and know-how since 1966, and located in the Southwest of France near Bordeaux, in a region famous for its orchards and gastronomy. For many years now, the company used to supply prestigious customers, delicatessen, and chefs across France and abroad. Favols has always selected noble raw materials to develop its recipes. Its specific cooking method at low temperatures under vacuum avoids caramelization, maintains the nutrients and taste, and preserves the qualities of fruit: natural fruit flavors, colors, and texture.

Made with carefully selected natural ingredients: 60% real fruits, lemon juice, and Cane sugar only

Sustainable Packaging

Prepared with respect for jam-making tradition and focused on authenticity

This jam has less sugar than most jams, creating a smooth and spreadable texture

Baking Mixes, Ingredients, Flours

Renewal Mill is an award-winning, woman-owned, upcycled food company that fights climate change and food waste with gluten-free upcycled flours and delicious plant-based baking mixes & cookies. We take the nutritious pulp leftover when you make plant-based milks (like soy and oat) and turn it into flour that we sell directly and also use in our vegan dessert products. All product development is done by 5x James Beard Award-Winning cookbook author Alice Medrich.

Named a Top 10 Trend by Whole Foods (2023 & 2021)

Made with climate-friendly upcycled ingredients that fight food waste

All 100% vegan & gluten-free

Only requires oil & water. Ready in under 1 hour.

Supernatural®

Modern bakers prefer to avoid controversial ingredients like artificial dyes and unsustainable palm oil, and I struggled to find healthier alternatives for "colorful" ingredients like sprinkles. That's why I started Supernatural, the first complete line of better-for-you sprinkles, plant-based food colors, allergy-friendly frostings and more. Our products are whimsical, delicious, and loved by moms. We're a women-owned and led company from NYC, with manufacturing in NJ. – Carmel Hagen, CEO.

100% vivid, plant-based colors

Colors from spirulina, beets, turmeric and more

Free from artificial dyes, soy, gluten, confectioner's glaze, GMO's; Top-9 free.

One Trick Pony peanut butter is made from Argentinian peanuts and Patagonian sea salt. Peanuts are indigenous to South America, meaning the climate is perfect for cultivating naturally sweet peanuts. One Trick Pony is a female-founded, family-run company from the team behind Call Your Mother Deli in DC.

Two ingredients: roasted Argentinian peanuts & Patagonian salt

That's it. No additives, no oils, no sugars, no nonsense!

Soom®

There's no place like the kitchen table to bring us together as a family. It was the one spot in the house where we could always agree on one thing: our passion for the foods we loved to make and share. A meal we enjoyed in a town tucked against the Mediterranean confirmed that the secret to bringing people together over good food could be a piece of cake. Literally! The ingredient that made the delicious difference in the dessert we shared that night was tahini. So we crafted the blend that could bring that taste to homes around the country.

Made with 100% premium sesame seeds

Silky, smooth creamy texture

SIMPLi

SIMPLi is a leading regenerative food brand on a mission to connect people around the world through the joy of food. Founded in 2020, SIMPLi co-founders Sarela Herrada and Matt Cohen sought to bring flavorful, nutrient-dense ingredients from around the world directly to you in a way that equally benefits people, producers, and the planet. Today, SIMPLi isn't just a company, it's a movement. SIMPLi partners directly with farmers to source elevated pantry staple ingredients from regenerative ecosystems and make them accessible to consumers nationwide in stores, restaurants, and online.

Our salt's uniquely high mineral content ensures it is rich in calcium, iron, magnesium, zinc, and potassium

These artisanal, ethically sourced, sustainably cultivated salts come from natural spring ponds in the protected Sacred Valley of the Incas in the Andes of Peru

Sourced from natural spring water in pools along the side of a mountain in the Andes, Peru.

Stiles Honey officially opened for business in 1995 as Stiles Apiaries, but really started as an eight year old boy's love of the outdoors and sharing his father's hobby. Grant Stiles was just a boy when his father first introduced him to beekeeping, and from his first moment of looking inside his first hive, Grant was hooked on honeybees and beekeeping.

Using our Finest and Purest Wildflower Honey, you will enjoy this to the last drop.

Made with 100% Pure Wildflower Honey

No artificial preservatives, additives, extracts or dried ingredients used.

Starting at your breakfast and ending with your nighttime soothing tea.

Our Table Honey will always be there when you need it.

Officially opened in 1995, Stiles Honey is the culmination of an eight-year-old boy's love of the outdoors and sharing his father's hobby of beekeeping. Times were simpler back then and so was cooking.

Using our cream honey blended with a combination of sweet and savory herbs and spices, we created a rub that can be used on all types of meats, vegetable or use it as a condiment to liven up any meal.

All Natural Ingredients: Pure Wildflower Honey and Natural Spices, nothing more nothing less.

No artificial colors, flavors or preservatives

Ideal for marinades, dressings, or seasoning, it is the secret to simple gourmet cooking.

VICTORY DANCE FOODS

Wake up well and win the day with our award-winning Garden Granola®! It was a serendipitous mix of health challenges and inspirations that first led us to the kitchen to create a juice infused granola. Each batch is made with whole plant juice, blended in-house with organic veggies and fruits, and infused into oats, ancient grains, seeds, and nuts. Turns out refreshingly different ingredients, lead to refreshingly different results. Taste veggies and fruits in every bite with flavors that are as exciting and versatile as they are colorful. Garden Granola is truly a breath of fresh granola air!

Just like our flagship roasts, Breakout by Jailhouse is craft roasted in small batches in Queens, NY. Legends have it that the roastery is built on the site of an 18th-century jailhouse. We’ve been searching, but still haven’t found any records confirming this, but it’s our story and we’re sticking to it! BREAKOUT by Jailhouse brings out a new side of the coffee that you already know and love. We’ve reduced the price tag, NOT the flavor – our artisan blend of 100% specialty Arabica beans ensures that every cup is bold, uncompromised and delicious.

Deep Valley Coffee, located and roasted in Queens, New York prides itself on being the first and only all biodynamic coffee brand in the United States. Biodynamic farming practices include: Improving soil quality/fertility, minimal disruptive tilling, using herbal sprays, working in harmony with nature's animals and insects, natural compost practices, no GMO's etc. No chemicals ever. If it doesn't come from the farm, it can't be sprayed on the plants.

For those who care deeply about both the fate of the earth and the quality of the coffee in their cup, there's no better choice than Deep Valley.

Grown using regenerative practices, our coffee is fairly sourced from a quality-driven farm—a shaded single estate high in the mountains of Brazil.

ROASTING CO.

Founded in Charlottesville, VA, in 2008, Grit Coffee started with a vision, a little bit of grit, and a whole lot of coffee. Today, their journey has led them to nice shops (and counting), an expansive roasting operation, and a flourishing ecommerce business. Under the thoughtful direction of Grit's Director of Coffee, Travis Mason, who has well over a decade of experience as a cook and chef, Grit searches the world over to establish relationships with great farmers cultivating great coffee beans. Mason and his team roasts them with craft and care — believing that only the best cup is good enough for the journey ahead. Grit seeks to share excellent coffee with those blazing their own trails – from the casual drinker to the coffee expert

NGUYEN

COFFEE SUPPLY

Nguyen (sounds like “nu-win”) Coffee Supply is an **award-winning Vietnamese coffee** company. We are a **woman-owned & Asian-owned** company. Vietnam is the **largest** producer of **robusta** coffee in the world and the second largest coffee producer globally, after Brazil. This means, people around the world already **love the flavor** of Vietnamese coffee (it just wasn’t transparent). By elevating Vietnamese coffee and its famed robusta bean, **we’re shining a spotlight** on robusta growing communities in every country. This leads to creating a more **diverse, inclusive & sustainable** coffee future. Everybody wins!

100% Vietnamese coffee

Direct trade coffee imported from family connections

No added sugar, flavors or ingredients

Robusta coffee has double the caffeine, double the antioxidants, and 60% less fats & sugars than arabica coffee

Robusta coffee supports sustainability; high caffeine = pest repellent, easier to grow, higher yield, resilient to rising temps

Thunder Island Coffee Roasters, L.L.C., located on the Shinnecock Indian Reservation in Southampton, New York, is a Native American owned and operated organic coffee roasting company.

We offer Specialty Grade Arabica coffee, grown in the high mountains of Central and South America at altitudes of 4,000 ft. and above. These elevations create the highly sought after SHB (Strictly Hard Bean) coffees – slower growth development, creating a nutrient dense coffee packed with flavor !!!!

Our goal to develop cooperative efforts to support the Indigenous family owned organic coffee farms of Central and South America, has lead us to the creation of our “Native to Native exchange”, forming a network of Native American commerce and employment for our local community and abroad.

We only roast 100% Arabica coffees

Each of the Thunder Island Coffees are named in reference to some of the original Native American tribes of Long Island.

We exist to create moments of joy with zero sugar candy. We have a relentless attitude that has been focused on making a difference in this world since 2008 through our delicious candy. We transitioned from Project 7, to JOYRIDE in 2022 because we wanted to create a new, trailblazing brand that is fun, bold and tests the candy boundaries. We are not a diabetic candy brand but have a reason to make candy that is better for people. We have an epidemic on our hands with the rise of Diabetes and the health issues that stem from it. People aren't going to give up candy – so let's make better versions for them

ZERO Sugar! Because sugar filled calories aren't good for anyone.

100% Vegan! Plant Based without the Funky Gelatin Stuff. Natural, real, gentle on the earth

Keto Friendly. Low net carb and packed with flavor.

Pre-biotic Fiber for Gut Health.

Nothing Artificial. Because we don't need it. We figured out how to make candy taste better than ever with real ingredients.

SPRING & MULBERRY

Our date-sweetened dark chocolate bars transcend the definition of indulgence, inviting an exploration of sweet beyond sugar. Our chocolate is made with just two ingredients – dates and cacao – and not a pinch of refined or artificial sugar. Instead, we explore the spectrum of sweetness and depth of flavor found through fruits, florals, nuts, spices, and pure, essential oils. Female founded in Raleigh, NC.

WHIMS

Whims Chocolates was born from our personal health journeys, which made us keenly aware of the need for better, healthier treats that don't compromise on taste. After an autoimmune diagnosis, we struggled to find indulgent, low-sugar options that met our new dietary needs, we knew we had to create something different. Our mission is to reduce sugar in everyday indulgences, offering treats that not only satisfy cravings but also support a healthier lifestyle. We believe you shouldn't have to choose between flavor and wellness, and that's what drives us to create chocolates that are as delicious as they are mindful of your health.

Made with only 1 g of sugar.

No added sugars. Gluten-free and dairy free.

No palm oil which is the #1 cause for Rainforest deforestation.

Hector Salvidar, knows that **FOOD** is **LOVE**. His mother, known affectionately as Tia Lupita (“Aunt Lupita” in Spanish), filled the family kitchen with the love, laughs and tasty eats that brought everyone together.

In Mexico, **family recipes** are valuable heirlooms carefully handed down from generation to generation. Tia perfected her own family hot sauce recipe to create a delightful balance of heat and flavor, coveted by anyone lucky enough to get a taste.

TRUE MADE FOODS

The Ketchup that will save America. Founded by a father of four and Navy Veteran who couldn't get his kids to stop eating ketchup, so he made a better one. Our No Sugar Ketchup is naturally sweetened with apple, butternut squash and carrots, yet even the pickiest eaters love it for dipping, dunking, and squeezing. Each bottle contains more than ½ a pound of American-grown fruits and veggies, plus the iconic ketchup taste you expect at every cookout.

Cut the Sugar. Keep the Flavor.

America's Basics Made Better - Irresistibly delicious, no sugar versions of your favorite condiments. Sweetened only with fruit & veggies. Our founder, Abe, knew ketchup has more sugar than ice cream, but his kids poured it all over their food anyway. So, he decided to make a better one. Abe went back to how his mom and grandma cooked and sweetened his ketchup with nothing but real fruits and veggies. His picky eaters loves it! He then partnered with legendary Pitmaster Ed Mitchell to craft high flavor, low / no sugar barbecue sauces. Together, they've returned American barbecue to its real food roots.

Cookies

Bonjour! Our adventure began in 2004 in a tiny kitchen in Paris. We are driven by an obsession with French pastry, a love for high quality ingredients (especially fresh Butter!), and a passion for challenging convention. Our indulgent buttery shortbread cookies with chocolate ganache have been sold in France for over 15 years. In the USA, our goal is to bring together the best of American snacking and traditional French pastry. Our mission statement? Do what you love, Live with passion, Challenge conventional, Do for yourself, Join the community, make good products, Tell the truth, Have fun! (That's all!)

Premium shortbread made with pure butter and filled with chocolate ganache. According to European standards, our Cookie Squares are GMO-free!

Snackable puff pastry made with pure butter - bringing together the quintessential French pastry with the best of American snacking!

Cookies

What makes Tate's Bake Shop cookies so deeply delicious? It's something we call "The Bake Shop Way." It started when 11-year-old Kathleen King began baking cookies to sell at her parents' farm stand. Her love of baking and dedication to quality soon made her crisp, buttery cookies legendary in Southampton, and were the inspiration for what eventually became Tate's Bake Shop. While our Bake Shop remains the heart of the brand, our cookies are lovingly baked on Long Island and beyond. So enjoy one of our deeply delicious cookies and experience "The Bake Shop Way."

The Backyard Food Company is an award winning specialty food manufacturer based in Rhode Island. Founded in 2014, The Backyard Food Company grew out of our backyard gardens after a cancer diagnosis forced us to reexamine the foods that we were putting in our bodies. What started as seeds in the ground has grown to over thirty products sold in over a thousand locations. By using only simple, real ingredients, The Backyard Food Company has become a quickly emerging brand in the specialty food industry.

Global Flavors

Dumpling Daughter was founded to share the essential comfort food from my childhood which always included a giant plate of dumplings or buns as an after-school snack. Our recipes have been perfected by my family over many years and use high-quality ingredients without added preservatives or flavorings.

Today, my mission is making people happy - one dumpling at a time. Indulge in our food today and enjoy recipes that have brought happiness for generations!

No artificial colors, flavors or preservatives.

Dumplings made fresh, frozen raw to preserve flavor.

Buns have a pillowy dough and delicious filling. Add a unique item to your freezer.

Perfectly balanced, unique finishing sauce Saves any dish!

MOTHER IN LAW'S

Mother-in-Law's began with a mission to share a delicious, authentic, handcrafted small batch kimchi using the finest natural ingredients. As an avid food and wine lover, founder, Lauryn Chun was inspired by the beauty of Korea's handcrafted tradition of kimchi as a fine food that belongs in the ranks of fine fermented foods like wine, cheese and beer traditions. Each line of MIL products is distinguished by a unique time-honored process - rich and saucy long-fermented. Mother in Law's is the authentic, clean label gochujang with modern brand appeal and the most depth of flavor.

Gochugaru- Thick paste with balanced spicy-sweet flavor with earthy notes

Garlic Sauce -Fresh garlic and ginger flavors can be used as dipping sauce, glaze, or marinade

Gochugaru-has a unique balance of earthiness, spiciness and complexity, along with medium level heat and coarsely ground texture, makes it a versatile spice to use in a variety of everyday dishes

**SAUCE
and
DESTROY**

Starting as a wolf sketched onto a bar napkin in New York City in 2016, Sauce and Destroy is a ‘perfect right out of the jar’ pasta sauce, with a brand that stands out from the rest. My mission is to give people the best tasting jarred sauce with a catchy brand based on self expression.

You’ll only ever find EVOO in our Sauces! Why EVOO?

Purity and Processing – Rich in Antioxidants – Higher Nutrient Content – Super Flavor and Aroma

Made with high quality tomatoes

No added sugars

Extra virgin olive oil - no cheap oils

Minimal and fresh ingredients

Full of flavor - no doctoring up required

Perfect right out of the jar

Oils

GRAZA®

Every kitchen deserves good, fresh olive oil that's affordable enough to be used every day. Our single origin oils do just that, and they come in a squeeze bottle that makes everything easier and more fun. Most olive oil in the U.S. is blended from old, low quality oils. But across the ocean, people are using fresh, never-blended olive oil by the gallon. Graza is that olive oil.

Made with the Picual olive varietal

SIMPLi

Our mission is to connect people around the world through the joy of food. SIMPLi is transforming our flawed food system to one that is good for you, for the planet, and for producers. We are committed to restoring the environment and preserving the planet for future generations through our vertical supply chains. SIMPLi's extra virgin olive oil (EVOO) is made with Koroneiki olives from Sparta, Greece which are hand picked and cold-pressed within 24 hours to ensure the highest quality EVOO. The EVOO Blend combines single origin Greek EVOO and single origin, 100% winterized high oleic Ukrainian sunflower oil, and is blended by hand in the USA.

EVOO: Bright, peppery, and aromatic tasting notes; Use it for daily cooking or save it to top off salads, pasta, and mezze platters; Hand picked and cold-pressed within 24 hours to ensure the highest quality EVOO

EVOO Blend: Mild, peppery, and pleasant tasting notes; Use it for baking, sautéing, or frying your favorite foods; Made with single-origin Greek EVOO and single-origin Ukrainian sunflower oil

When Gary Edell started making homemade potato chips in 2009, he never thought it would grow into a business. For years he would make his chips for friends, family, business associates, and whoever else wanted them. When his kids went off to college, he would send them packages filled with his delicious chips. Whenever his kids' friends would say, "these are AMAZING where did you get them?" the response was always "they're **My Dad's Chips!**" and the rest is history.

Nantucket Crisps

Nantucket Crisps is a new premium potato chip with flavors inspired by the unique beach and events that take place on Nantucket. The crisps are slow fried at a lower temperature to achieve a unique melt-in-your-mouth texture. All flavors are non-GMO, gluten-free, dairy-free, Kosher, and nut-free. A portion of sales goes towards preserving the North Atlantic Right Whale, tying back to the island’s whaling history

Salty Snacks

Hector Saldivar, knows that **Food is Love**. His mother, known affectionately as Tia Lupita (“Aunt Lupita” in Spanish), filled the family kitchen with the love, laughs and tasty eats that brought everyone together.

In Mexico, **family recipes** are valuable heirlooms carefully handed down from generation. Tia perfected her own family hot sauce recipe to create a delightful balance of **heat and flavor**, coveted by anyone lucky enough to get a taste.

Tia Lupita Delicious, Crunchy Grain-Free Tortilla chips are made with sustainable, superfood cactus. They are Gluten-free, Grain-free, High Fiber and Vegan.

Vista Hermosa was born inside of Tacombi – a taqueria committed to sharing authentic Mexican taco culture. When we couldn't find tortillas that met our standards, we started making our own. Known today as Vista Hermosa, we craft a full line of Corn and Flour Tortillas, Totopos, and Frozen Burritos. We follow traditional processes from Mexico and use only a handful of simple ingredients. We source quality, non-GMO ingredients with no preservatives to uphold and celebrate the authentic flavors of Mexico.

Dips

cocojune

What makes us really excited is creating something that brings happiness and well-being. To create something that people intuitively enjoy, that feels good and does good. We believe that food is an amazing medium for inspiring joy, connection and environmental change. We're idealistic about organic agriculture. To us, it is without a single scoop of doubt, the most responsible and earth-friendly way to grow our food. In short, organic agriculture is about working with nature instead of fighting it.

Little Sesame

Little Sesame’s quality-over-everything approach is making a splash on grocery shelves. Founded in a 500 sq basement pop up in 2016, Little Sesame launched a grocery ready line of hummus in July 2021. The recipe was created by founders and chefs Nick Wiseman & Ronen Tenne in their flagship restaurant in Washington, DC. The hummus is made with 100% regeneratively farmed chickpeas grown by farmer Casey Bailey under the big sky in Montana. It’s freshly spun and super smooth, layered with rich tahini and brightened with freshly squeezed lemon juice.

Freshly spun in small batches

Made with 100% regeneratively farmed chickpeas

Fresh lemon juice is the only preservative; no gums, thickeners or acidifiers

MOTHER IN LAW'S

Mother In Law's marries the culinary art of authentic Korean traditions with a contemporary freshness. By using clean, simple ingredients and upholding a time-honored process rooted in heritage, we craft delicious foods with the highest quality. Founded in 2009, our founder, Lauryn Chun, set out to meet the need for an elevated and authentic kimchi at shelf. Quickly becoming the pioneer brand of the category, she knew kimchi belonged in the ranks of fine fermented foods. Everyday Kimchi undergoes a quick, cold-fermentation process that results in bright and delicious Korean flavors. Bite-size and probiotic-rich make them an easy addition to everyday meals.

MOTHER IN LAW'S

Mother-in-Law's began with a mission to share a delicious, authentic, handcrafted small batch kimchi using the finest natural ingredients. As an avid food and wine lover, founder, Lauryn Chun was inspired by the beauty of Korea's handcrafted tradition of kimchi as a fine food that belongs in the ranks of fine fermented foods like wine, cheese and beer traditions. Each line of MIL products is distinguished by a unique time-honored process - rich and saucy long-fermented.

Balanced in flavor and tradition, this kimchi provides bright, complex depth.

At Veggie Confetti, we believe that **BOLD COLOR + BIG FLAVOR** are the two defining elements that will make your meal one that looks as good as it tastes. In an effort to find a simple, delicious, and health-conscious way to keep her meals exciting, Kelsey began experimenting with pickled vegetables at home. Before she knew it, she was sprinkling them on everything...as if they were Veggie*Confetti! Kelsey saw her colorful and tangy pickled vegetables as an avenue to inspire others to eat the rainbow and make every meal celebration-worthy!

Convenient – At home pickling can take days to months, but we’ve done the work already, perfected the recipe, and put them in easy-to-open resealable pouches.

Made with real veggies + simple ingredients

Vegan, Gluten-free, No Preservatives

Upcycled! We use “seconds” vegetables – veggies that have been passed over for not looking perfect, but are perfect for slicing and pickling!

We're on a mission to elevate the everyday tortilla through a return to its origins. By sourcing the best quality heirloom corn from smallholder farmers, our tortillas offer superior flavor and aroma.

Made from whole-kernel heirloom corn from Mexico that is gently cooked and slowly steeped in slaked lime water for 12 hours

Nixtamalization imparts calcium and activates the essential amino acids and vitamin B3 found naturally in each kernel

Two ingredients: Single-origin corn, slaked lime. ZERO preservatives or fillers

Shelf life frozen: 2 years from date of production. Shelf life refrigerated: 15 days refrigerated from date of thaw

Dairy Flatbreads

Vista Hermosa was born inside of Tacombi – a taqueria committed to sharing authentic Mexican taco culture. When we couldn't find tortillas that met our standards, we started making our own. Known today as Vista Hermosa, we craft a full line of Corn and Flour Tortillas, Totopos, and Frozen Burritos. We follow traditional processes from Mexico and use only a handful of simple ingredients. We source quality, non-GMO ingredients with no preservatives to uphold and celebrate the authentic flavors of Mexico.

Made with 5 simple ingredients or less

Certified Organic Corn Tortillas; Flour Tortillas Made with Organic Flour

Since 1932, Crescent Ridge Dairy has been bottling fresh and local milk in glass bottles on a 44 acre farm in Sharon, MA. Now 3rd generation family owned and operated, Crescent Ridge has always been dedicated to providing the freshest New England milk. Working with a single CT partner farm, Crescent Ridge milk is never skimmed and contains 20% more fat than other whole milks. The numerous awards for our milk and dairy plant shine a light on our team’s dedication to the freshest and best milk possible.

Reusable glass bottles, environmentally friendly. Milk sourced from a single farm less than 70 miles from where it is bottled

Pasteurized, homogenized, bottled in Sharon, MA facility

On average contains 20% more fat than federal minimums

15 days at Production (white milk)

Homestead Creamery is a locally-owned dairy processing plant nestled among the beautiful Blue Ridge Mountains in Burnt Chimney, Virginia. With dreams of preserving the family farm for future generations and marketing products directly to consumers, two local dairy farmers combined efforts, opening its doors for business in January of 2001! Today, Homestead Creamery has grown to support six local family farms. Each farm is dedicated to the health and happiness of the cows and the quality of the products that are produced for the consumers. We are excited to share with you “The Way Milk and Ice Cream Should Taste.”

SĀCH™

Jasleen and Tarush Agarwal founded Sach Foods in 2019, inspired and motivated by their rich cultural heritage as first-generation Indian immigrants. Sach champions the versatile, wholesome, and delicious qualities of paneer.

As a completely vegetarian option, our paneer packs 7g of protein for every ounce.

Why organic matters - Cows must graze on pasture at least 120 days/year. All feed is 100% Organic and GMO-free. Sach works with family-owned farms for sourcing our milk.

Willa's

ORGANIC OAT MILK

Willa's exists to lead positive change, nutritiously, deliciously and for the good of the planet! Born from a grandmother's wisdom and a belief in using simple, whole plant based, organic ingredients, Willa's is the only oat milk to use the whole oat (not just oat sugar). Just before Willa's launch, co-founder Christina was blindsided with a breast cancer diagnosis. Now cancer-free, that experience further validated Willa's commitment to using organic, wholesome ingredients. With everything we do, we ask ourselves does this live up to our values and our grandmother Willa's name?

Uses the whole oat, making it:

- richer tasting
- higher protein (4-5g) & fiber (2-3g)
- lower sugar

Unsweetened: 4 simple ingredients, no oil.

Barista: froths using healthy ingredients.

Chocolate: simple ingredients, no oil.

No gums, no cane sugar, no rapeseed oil.

We are waking up tempeh - the sleeping giant fermented superfood - so that everyone can enjoy this clean, simple, nutrition-packed plant protein originally from Indonesia. We have eliminated the bitter-after taste associated with tempeh so it's just nutty and delicious and ready to support people and the planet. Made with 50% less plastic, and emitting 94% less CO₂ than beef, it's an all-around feel-good food that also supports local farmers, workers, and communities.

NEW!!

Sourced from local & regional organic farmers

Made simply w/beans, vinegar, & starter culture

Fermented for gut health and packed with protein (16g), calcium, iron and all the B vitamins – it's a superfood

Not fermented in plastic bags like other tempeh brands, so each purchase saves a plastic bag from landfills

12 weeks shelf life

What makes us really excited is creating something that brings happiness and well-being. To create something that people intuitively enjoy, that feels good and does good. We believe that food is an amazing medium for inspiring joy, connection and environmental change. We're idealistic about organic agriculture. To us, it is without a single scoop of doubt, the most responsible and earth-friendly way to grow our food. In short, organic agriculture is about working with nature instead of fighting it.

COCONUT CULT

The Coconut Cult delivers gut health that tastes and feels good. Our probiotic-rich yogurt was born from the desire to find a natural, non-dairy means of restoring the gut and digestive health through super probiotic, living foods. The very first iterations of our yogurt began with our Founder, Noah, fermenting high-quality probiotics strains with coconuts out of his Mom's kitchen. What resulted was a clean label, plant-based yogurt unlike any other on the market; one that offers the functional benefits of a daily probiotic with a decadent, mousse-like texture.

50Bn CFUS of probiotics per oz – take as a daily probiotic supplement

No added sugars, gums, starches, refined sugars, oils or flavors

Packaged in glass to reduce single use packaging and protect living cultures

Our brand is truly farmer founded and family focused! Our family is very passionate about food, farming and local communities. Our desire is to process dairy products that will nourish families with high quality food while regenerating our land and strengthening small family farms! Our belief is milk should be left as close to natural as possible to preserve the quality, flavor and nutrients, thus we minimally process our products.

Dairy Yogurt

Yogurt has been a staple of health and longevity in Bulgaria for centuries - Lactobacillus bulgaricus, the live culture responsible for making all yogurts is native to Bulgaria. Bulgarian yogurt has a distinctly tart taste and is low in sugar.

Trimona is one of very few A2A2 yogurts in national distribution. Why A2A2? Its more nutritious, and people who might experience indigestion with A1 dairy (which is most dairy) – don't. There's a lot of solid science behind it.

Refrigerated Coffee and Tea

We are a specialty coffee company that takes your good taste seriously. Began in 2002 when the founder opened a micro-roastery in a converted potting shed in Oakland, CA. He won over fans by delivering just-roasted beans from the back of his station wagon. Twenty years later Blue Bottle has a Global network of over 100 cafes in and around San Francisco, Los Angeles, NY, DC, Boston, and Asia. Thought and care throughout the process to highlight and keep the integrity of the coffee. Inspired by our café favorites and packaged so consumers can experience the simple deliciousness. Sourced from our direct farmer relationships, roasted in small batches, extracted using our own brewing facility.

Refrigerated Coffee and Tea

Neighbors and self-professed coffee geeks, these two were hell-bent on creating the best tasting cold-brew coffee available. After months of experimenting with different formulas and brewing methods, the pair finally found the perfect combination of brewing time and temperature, using a blend of highly select, meticulously air roasted, certified organic Arabica beans. What they ended up producing was the best coffee they had ever tasted—an intensely bold, super smooth cold-brew with a buzz as big as Texas.

Reinforcing our ‘Always Organic’ mission is important to Chameleon’s point of difference. Keeping our “Top 2%” state shows customers just how great our quality is. Chameleon sources the highest quality beans available, meeting ‘specialty grade’ designation which accounts for 10-15% of the world’s coffee.

Small but mighty, this little 32oz jug makes up to 10 cups of coffee, showing customers the value they get when they buy Chameleon.

Grady's Cold Brew brings gourmet, coffee-shop quality cold brew to your fridge with an affordable, convenient, and highly-customizable concentrate that will satisfy coffee snobs and novices alike. Founded in Brooklyn in 2011, Grady's Cold Brew was one of the first companies to bottle cold brew and bring it to the grocery shelves. Our unique New Orleans-Style flavor and refusal to compromise on quality (always fresh, always refrigerated) sets us apart from the competition.

Bold, velvety-smooth flavor

Low-acid with zero bitter bite

Concentrated and customizable to suit every taste

All-natural and sugar-free, with no artificial sweeteners

Clean ingredients: 100% arabica coffee, imported French chicory, spices, and natural flavors

POP & BOTTLE

Founded from a genuine desire to create what best friends Jash & Blair wanted, but couldn't find: organic, wholesome, plant-based lattes they could quickly craft at home or grab on-the-go. We advocate for a future that is dairy-free + plant forward, and support sustainable, organic farms. Superior ingredients: house made almond and oat milk, sweetened with dates, no fillers, and only pure ingredients. Women-founded and women-led. We support women-owned businesses throughout our supply chain. Food should be just as fun as it is functional, and make you feel as good as it tastes!

Cold brewed for over 10 hours to create a smooth flavor with minimal acidity

Moderate caffeine

Responsibly source – direct trade relationships with farmers & 1% of sales support the livelihood of female coffee farmers and their communities

Our unconventional, artisanal kombucha products have been handmade in Richmond, Virginia since 2019 by our visionary founder Jason Smith.

He's on a mission to rid the world of artificial, sugary sodas and replace them with freakishly delicious, healthier alternatives. Yeah, Bitchin' Boucha.

By crafting blended recipes and triple-filtering every batch, Jason hopes to make a raw kombucha that people will be drawn to try and keep coming back for more because their mind's blown.

We are committed to handcrafting the absolute best tasting and most Earth-friendly kombucha around. Sustainably handcrafted in the Blue Ridge Mountains of Virginia, our kombucha is renowned for its clean, crisp finish. Our wide appeal is largely due to our proprietary process that minimizes the strong vinegar flavor often found in other kombuchas. Made with all-natural, 100% organic ingredients and containing live probiotics, Blue Ridge Bucha is third-party verified non-alcoholic, making it a healthy (and delicious) beverage option for all ages.

Flavored with the juices of real fruits and herbs (and no added sugar)

Vegan, gluten free, raw, and unpasteurized (180-day shelf life when kept in cold storage)

Contains live probiotics for good gut health and improved immunity

mon fe fo

Since 2014, MonfeFo has been making the highest quality, most potent, cold-pressed organic shots. We began in our kitchen hand delivering to local bodegas in the Brooklyn area growing store by store. MonfeFo is now manufactured in California by fifth generation farmers. We ensure that every shot is from the freshest produce available. Our shots are root forward, allowing for potency and versatility within use. Our roots are sourced from organic farms in Peru and Hawaii. And all of our shots are sold in glass bottles. MonfeFo allows root consumption to be easy, delicious and sustainable. Cheers and feel good.

Cold-pressed juice, allowing for maximum nutrition, freshness and taste.

the People.**

Founded in 2012 as a business solution to prevent modern day human trafficking (creation of Not For Sale & Rebbbl)

We source ingredients from suppliers who exemplify our values. Our suppliers invest in the strength and wellbeing of the communities where they operate. Some examples include medical care, housing, and clean water projects.

REBBL supports Not for Sale’s goal of eradicating human trafficking by stopping it before it happens, and healing those who’ve already been affected.

COOKIES & CREAM PROTEIN The perfect blend of sweet vanilla cream and dark chocolate blended with organic coconut milk plus 20 grams of plant-powered protein.

PEANUT BUTTER & JELLY PROTEIN An ode to the classic snack! Creamy peanut butter and strawberry blended with coconut milk plus 20 grams of organic, plant-based protein.

Homestead Creamery is a locally-owned dairy processing plant nestled among the beautiful Blue Ridge Mountains in Burnt Chimney, Virginia. With dreams of preserving the family farm for future generations and marketing products directly to consumers, two local dairy farmers combined efforts, opening its doors for business in January of 2001. Today, Homestead Creamery has grown to support six local family farms. Each farm is dedicated to the health and happiness of their cows and the quality of the products that are produced for consumers. For over 20 years, we have been excited to share with you...

When our founders declined their acceptances into medical school, they set out on a mission to help people have a better “first option” than a medicine cabinet for wellness. Lumen is about helping people be more proactive with their health, all while making a positive impact on the planet. That’s why we source from regenerative farms as much as possible, going beyond certified organic. Together, we can leave the world a better place than when we came into it.

The original and market-leading line of craft cocktail mixers for whiskey, founded in New York City 10 years ago. Each mixer is handcrafted from fresh and natural ingredients into a flavor designed to pair perfect with bourbon or rye whiskey. We also make a Sriracha Margarita which has a cult following among Sriracha hot sauce fans. Whiskey has been the largest growth driver in the spirits market for 15 years, and yet most mixer sets are still filled with only Bloody Mary and Margarita mixers. Close a major assortment gap in your mixer set and drive significant incremental growth with Cocktail Crate’s whiskey mixers

Made fresh juices and natural sugars

bear's fruit

Bear's Fruit makes gut health products that are good for you - and taste ridiculously good. We believe food should be handcrafted, not hand-wavy. We keep things simple by highlighting the taste and purity of our ingredients, which is why both Bear's Fruit kombucha & probiotic sparkling water are made with 100% organic fruit & fresh herbs - no sugary juices, flavors or any other weird stuff. It's not as easy or cheap to make, but the taste is worth the effort.

Sparkling water with real fruit & gut health benefits didn't exist – so we made it

SS Functional Beverages

Our mission at Goldthread has always been to bring plants and people together. We are brewed with superherbs, spices, adaptogens, and other potent botanical treasures that offer real benefits and make you feel great. Our plant medicine starts with the living plants, and the people that have cultivated them for centuries. Our founder William Siff has travelled the world to source the most pure and potent medicinal plants and brew them into tonics that you can feel. Farm to bottle is not just a slogan for us, it's a way of life.

SEVEN

Seven Teas was founded in 2014 in Santa Monica, CA by brothers Jeremy and Josh (aka The Brew Bros) who share the love of adventure, travel, and tea. Each tea brings the unique benefits, flavors, colors and aromas of its place of origin. Seven strongly believes in celebrating global ancient traditions and honoring Mother Earth's natural ingredients. Through their travels, Josh & Jeremy learned to ethically source certified organic, Fair Trade whole leaf teas to craft each tea using ancient brewing methods using only mineral spring water.

Iconic and approachable flavors inspired by traditions from all over the USA. *We call them a "Road Trip in Every Sip".*

Our "70-Calorie Classics", are slightly sweet and only have 18g of Sugar

Frozen Ambient Bread

We spent our time in the kitchen, sharing recipes and enjoying meals. Centuries of tradition led us to the challah we bake — the fresh ingredients, the hand-crafted braids, and a desire to make the best product possible.

At Jack Bakes, we know that tradition still plays a role, but that must be modernized. That's why our Challah uses cage-free eggs, non-GMO ingredients and no preservatives. We strive to make a better product so you can create new traditions of your own. We're baking for the next generation.

Frozen Ambient Bread

We spent our time in the kitchen, sharing recipes and enjoying meals. Centuries of tradition led us to the challah we bake — the fresh ingredients, the hand-crafted braids, and a desire to make the best product possible.

At Jack Bakes, we know that tradition still plays a role, but that must be modernized. That's why our Challah uses cage-free eggs, non-GMO ingredients and no preservatives. We strive to make a better product so you can create new traditions of your own. We're baking for the next generation.

Non-GMO Cage Free Eggs and Kosher Certified

No artificial colors, flavors or preservatives

Traditional Bread with a twist baked by hand

Using consciously sourced all natural ingredients

The journey that inspired Farm Table Gluten Free bread began with a desire forged by a family need to provide a clean, simple, vegan, allergen free bread option that was missing in the gluten-free marketplace. The founder perfected an artisan yeasted rice flour, protein, starch, and fiber gluten free bread dough for the discriminating consumer. The proprietary recipe that emerged is moist and hearty, and has exceptional taste, and texture. The bread appeals to consumers of all age groups, emphasizing how the entire family can enjoy the breads. These fine breads attract individuals with discriminating palettes.

Simple clean ingredients, allergen free, vegan, dairy-free, egg-free, corn-free, soy-free, nut-free

Less than one gram of sugar per slice

Free of xanthan gum and other gums

Frozen Bread

Stone-milled flour means Mighty Bread! Industrial flour is everywhere even in other healthy-appearing breads. Their flour is stripped of nutrients and taste to extend shelf life. Only stone milling captures the full natural flavor and nutritional richness of whole grains. **We're millers on a mission to bring back healthy, local food systems that produce fresh, nutritious flour.** We partner with local organic farmers, grind whole wheatberries on our own stone mills, and bake cleaner, tastier bread that's good for tastebuds, body, and the planet!

Made with fresh, stone-milled flour—which means more natural nutrients and flavor.

Baked with all organic ingredients and NON-GMO wheat sourced from local, sustainable farms.

Packed with whole grains.

Never any nasty refined flour, artificials or preservatives.

10 days from thaw (delivered frozen)

Manufactured in New York and Massachusetts (Stone Mills in Blauvelt, NY, Boston, MA, and Lynn, MA)

STONE & SKILLET

We feel there is something magical about a warm, doughy English Muffin. In 2013, we followed our dreams, recruited help from our friend Dan, and created a recipe in our Boston apartment. By shaping the dough on a granite stone countertop and griddling to perfection on a cast-iron skillet, it only felt right to name our company Stone & Skillet. We hope you taste the love from our family to yours. Enjoy!

BARIS

Bariloche, a town in the heart of Patagonia, is a natural paradise where the best raspberries of the world grow with a unique flavor. As kids, our summers in Bariloche were filled with adventure and discovery, hand-picking raspberries from our garden, gathering around a cozy bonfire, and sharing incredible stories. Those memories inspired us to pair our raspberries with the finest chocolate, resulting in the perfect frozen treat. At BARIS, we hand-pick each raspberry from the pristine landscape of Patagonia, connecting you to the region’s beauty with each chocolate-covered bite. Join us in celebrating and preserving this magnificent region.

We scoured the market for dairy-free ice cream for our lactose intolerant sons, but only found products laden with synthetic ingredients and boring flavors that did not represent our love for international foods. At Cajou Creamery, we reimagine ice cream as nutritious, 100% plant-based and culturally representative in seven culturally curious flavors. Our hand-crafted cashew milk ice cream is better tasting, better for the body and better for the planet.

Plant-based ice cream made from cashew milk, real fruits and veggies.

Since 1932, Crescent Ridge Dairy has been bottling fresh and local milk in glass bottles on a 44 acre farm in Sharon, MA. Now 3rd generation family owned and operated, Crescent Ridge has always been dedicated to providing the freshest New England milk. Working with a single CT partner farm, Crescent Ridge milk is never skimmed and contains 20% more fat than other whole milks. The numerous awards for our milk and dairy plant shine a light on our team's dedication to the freshest and best milk possible.

We enhance dessert by creating non-dairy indulgences made with a short and sweet list of purposeful ingredients. Our “nice creams” are made with a base of coconut cream, honey, fruit, and spices -- nothing difficult to pronounce or digest. We craft each pint with organic ingredients, and our products are naturally paleo, non-GMO, gum-free, dairy-free, and gluten-free.

Made only using 4-7 ingredients and without gums, natural flavors, stabilizers, and refined sugar.

Made with organic ingredients.

Only “ice cream” sweetened with true source honey.

Homestead Creamery is a locally-owned dairy processing plant nestled among the beautiful Blue Ridge Mountains in Burnt Chimney, Virginia. With dreams of preserving the family farm for future generations and marketing products directly to consumers, two local dairy farmers combined efforts, opening its doors for business in January of 2001. Today, Homestead Creamery has grown to support six local family farms. Each farm is dedicated to the health and happiness of their cows and the quality of the products that are produced for consumers. For over 20 years, we have been excited to share with you...

Frozen Dessert

We spent our time in the kitchen, sharing recipes and enjoying meals. Centuries of tradition led us to the challah we bake — the fresh ingredients, the hand-crafted braids, and a desire to make the best product possible.

At JackBakes, we know that tradition still plays a role, but that must be modernized. That's why our Challah uses cage-free eggs, non-GMO ingredients and no preservatives. We strive to make a better product so you can create new traditions of your own. We're baking for the next generation.

Frozen Desserts

McConnell's Fine Ice Creams was founded in Santa Barbara, CA, in 1949. Hailed as the "best in the world" by TIME Magazine, McConnell's continues to follow the standards they set long ago. Ice creams made from scratch, using the finest local, sustainable and organic ingredients, from partner farms and purveyors they've worked with for decades. The result? Pure flavor, smoothly consistent texture, incredible creaminess, and a sweet, 75-year legacy of churning out the world's finest ice creams and frozen desserts.

Made from scratch at our SQF-certified California dairy using the finest ingredients.

No artificial colors or preservatives

Four friends challenged each other to create the best ice cream shop in the world. We travelled the globe in our search and after years of effort, we lovingly present to you New City Microcreamery ice cream! Massachusetts milk is steeped in flavor with whole ingredients at our downtown Hudson, MA location. When the taste has permeated every drop, we flash freeze it into ice cream with liquid nitrogen. The end result is the smoothest, creamiest, most flavorful frozen delight.

Scratch Made. Locally sourced dairy from Massachusetts

A minimum of 16.5% butterfat

Liquid Nitrogen used for the freezing process, creamiest texture, and best flavor capture

Packaging containers are made with 34% Post-Consumer Fiber

Frozen Desserts

Founder & Veteran, Hannah Pollack, and her husband, Xavier Meers, both professional chefs, met in the kitchen & bonded over their love for spreading joy through food. During a 5 year restaurant run together, Hannah created the first Nightingale ice cream sandwich as a menu dessert option. Gaining almost instant popularity, Hannah & Xavier were soon filling ice cream sandwich orders for markets, restaurants and events all over town. Shortly thereafter, they left the restaurant kitchen behind to fully embark on their new venture—one born from a love of their culinary crafts, classic desserts & each other.

Ozioli's Italian Cookie Co.

Ozioli's Italian Cookies are truly a delicious gourmet dessert! Our products are made from scratch made with only all natural kosher certified ingredients. My Nana, Angelina, came from Calabria, Italy. I stood side-by-side with my nana and mom for many years baking these "old world Italian cookie recipes". Now I, third generation love our tradition and have brought our homemade cookies for you to taste and enjoy! Customers always tell us "your cookies taste just like I remember from my childhood". We believe in traditions, keeping the flavors of yesteryear here for you to taste.

* PARLOR *

ICE CREAM CO.

The Parlor Ice Cream Co. was founded in 2016 by a pastry chef who wanted to step out of restaurants to make the best ice cream in the world. What started as a pop up at local bakeries & breweries grew into the biggest little craft ice cream company around. Made with care, great ingredients, and time tested recipes, we hope you love our ice cream as much as we do.

Rookies

Our story started out like any other. We found ourselves driving back from West Virginia towing a dream and a 1961 Kenskill camper that needed a lot of TLC before it would ever become what would be our first “Rookie’s”. We had no idea what we were doing, but that’s just the thing: everyone starts out a rookie. Since then, we’ve embraced our namesake, always challenging ourselves to start, learn, and do.

Indulgent and simple: our ice cream is super-premium and clean - at 16% butterfat these *wow* with a flavor that still leaves a clean feel on the palate.

No added preservatives, no hormones
5 incredible flavors packaged with class - to serve as is, or cut in 4 wedges to share.

No waste: 9 month shelf life

Van Leeuwen

Van Leeuwen started out of an ice cream truck in 2008 in Brooklyn NY and slowly brought our reimaged American classic ice cream flavors to grocery stores nationwide and have opened more than 40+ scoop shops. We strive to make ultra premium ice cream from simple ingredients while maintaining our mission...“To make good ice cream that makes you feel good, because a life without anything good is bad!”

Rich French style and creamy texture comes from high butterfat content. Ingredients come from premium sources like pistachios from Sicily, berries from small farms, tea from Rishi Tea.

We have a flavor for everyone!

Combination of cashew or oat milk, coconut cream, and cocoa butter creates distinct creamy texture that has set the standard in vegan ice cream.

Ingredients come from premium sources like pistachios from Sicily and berries from small farms.

This is ice cream that just happens to be vegan!

We are a certified LGBT-owned, artisan bread-turned-frozen-grilled-cheese manufacturer in Baltimore, MD. Our adoring farmers market customers used to take our bread home and come back the next week, telling us about the amazing grilled cheeses they made with it – so we made our own! Sourdough Grilled Cheese is a restaurant-quality, heat-and-eat grilled cheese, focused on sophisticated older consumers who recognize good quality but don't want to cook for one. The sourdough bread, which we make from scratch, is friendly for people with diabetes as well as those with gluten sensitivity – due to its long fermentation process. A Friendly Bread prioritizes high wages and benefits, and a safe environment for our diligent and passionate employees.

We make our own sourdough bread by hand. Sourdough has prebiotics, and is friendly to people with diabetes or gluten sensitivity

Clean ingredients, including high-quality cheeses. We pickle our own jalapenos, avoiding preservatives and dyes

Packaged in partially recycled, recyclable material

My mom's pelmeni and vareniki dumplings reflect our family's heritage. Luda's Dumplings gained fame, leading to her first shop in 1999. In 2017, Masha and I revived Luda's Dumplings with the first 100% organic pelmeni and vareniki in the US. Our dumplings connect culture, family, and memories. Dedicated to my mother's legacy, we offer high-quality dumplings made with love, celebrating heritage with every bite.

Masha, Eugene & Family

Our dumplings are made with 100% organic ingredients.

Only 5 clean and simple ingredients, we put quality front and center, avoiding any unnecessary additives.

Ready in just 10 minutes—simply boil and serve.

As family-owned business, we proudly share Eastern European heritage passed down through generations.

Our pelmeni dumplings offer healthy choice for you and your family.

In 2016, Co-founder Roya Shadravan had discovered she had a brain tumor. Luckily she survived the operation with no harmful symptoms. The event changed her and her partner Kristy Lam’s lives. We became extra conscious about the food we ate, and it’s health benefits. We found it challenging to find convenient, international cuisine that was also healthy. As a result, we created Mulan Dumpling. We put our heart and soul into making variety of delicious dumplings with fresh and natural ingredients.

Female owned company who cares about health and humanity.

Vista Hermosa was born inside of Tacombi – a taqueria committed to sharing authentic Mexican taco culture. When we couldn’t find tortillas that met our standards, we started making our own. Known today as Vista Hermosa, we craft a full line of Corn and Flour Tortillas, Totopos, and Frozen Burritos. We follow traditional processes from Mexico and use only a handful of simple ingredients. We source quality, non-GMO ingredients with no preservatives to uphold and celebrate the authentic flavors of Mexico.

Pizzas

So what’s the secret ingredient (besides love, of course!) in our Dare To Be Different crusts, crisps, and gnocchis? It’s 100% natural, nutrient-rich cauliflower and broccoli. We updated our favorite family recipes to make them healthier, lighter, and more nutritious. All our recipes are Keto-friendly and Kosher, so you can feel great about a delicious meal that won’t weigh you down. We love the way cauliflower and broccoli crisp up, the reduced carbs, and delicious richer flavor. We think you will, too!

Frozen Pizzas

We spent our time in the kitchen, sharing recipes and enjoying meals. Centuries of tradition led us to the challah we bake — the fresh ingredients, the hand-crafted braids, and a desire to make the best product possible.

At Jack Bakes, we know that tradition still plays a role, but that must be modernized. That's why our Challah uses cage-free eggs, non-GMO ingredients and no preservatives. We strive to make a better product so you can create new traditions of your own. We're baking for the next generation.

Roberta's

From renowned chef Carlo Mirarchi and operator Brandon Hoy, Roberta's is a slice of authentic NY pizza culture born in Bushwick in 2008. Our culinary crafted Neapolitan-style pizzas bring that same restaurant-quality pizza to the freezer aisle. Handmade and wood-fired in Brooklyn using a cold rise sourdough crust, house-made mozzarella, locally-sourced basil and other non-gmo ingredients.

Shortly after founding Roberta's in 2008, the team set out to develop a frozen pizza that didn't stray far from the original. After years of development, Roberta's Frozen Pizza is wood-fired and handmade from the same fresh dough, tomatoes, basil, olive oil, and house made mozzarella used in the restaurants.

Seafood (Frozen)

Frozen Seafood

Sustainably raised in the crystal-clear waters of New Zealand’s Marlborough Sounds, Regal King Salmon is known for its incredible flavor, color, texture, and healthy omega 3 fatty acids. Regal King Salmon is the rarest & highest quality species of salmon in the world; only 0.7% of the world’s salmon is King Salmon.

Our Cold Smoked Slices are traditionally cured, smoked at a low temperature in aromatic wood, then thin sliced for divine flavor and velvety texture that melts in your mouth. Ideal for delicate finger foods where taste, texture and visual impact are important. Our Hot Smoked Portions are slowly roasted over aromatic wood for a fragrant infusion of smoky aromas and sea salt, with a luxuriously buttery taste. A delight to eat hot or cold, on its own or in pasta or side dishes.

Single Origin Producer – complete ownership of the entire supply chain ensuring quality, care, & traceability.
 2% Salmon to 98% water volume.
 NonGMO, BSE Free.
 100% fully reusable, recyclable or compostable packaging goal by 2025.

Jesse & Ben's

We're Jesse & Ben - the guys behind the fries! We spent the last 10 years perfecting the art of making house-cut fries at our restaurants. When COVID almost shut us down, we made a frozen version of our famous fries to try to stay afloat. Little did we know we had stumbled on the *perfect* restaurant-quality frozen fries that *we wish* we had as kids. Our fries are made using heart-healthy avocado oil or grass-fed beef tallow so you can enjoy fries that not only taste better, but are better for you, too!
