Cha's Organics brings flavor to the table with healing foods sourced on fair terms, in partnership with regenerative organic growers, cultivating empowered and vibrant communities at home and abroad. Founded in 2006 by Chanaka and Marise, who come from opposite sides of the world and know firsthand about the importance of diversity and staying true to one's roots, Cha's Organics offers an array of organic, plant-based and gluten free products sourced from climate-friendly forest gardens, orchards and farms that promote traditional farming methods, biodiversity, improved soil health and resilient crops to feed resilient communities. Passionate about good food and making good things happen in the world, the people behind Cha's Organics look forward to creating a future where all food is traded fairly and grown in a way that protects the environment and the health of consumers and growers.

GRAZA

Every kitchen deserves good, fresh olive oil that's affordable enough to be used every day. Our single origin oils do just that, and they come in a squeeze bottle that makes everything easier and more fun. Most olive oil in the U.S. is blended from old, low-quality oils. But across the ocean, people are using fresh, never-blended olive oil by the gallon. Graza is that olive oil.

Made with the Picual olive varietal

Single origin, single varietal olive oil

The bottles are BPA & PVC Free PET that is optimized for the storage of oil

Little Sesame

Little Sesame’s quality-over-everything approach is making a splash on grocery shelves. Founded in a 500 sq basement pop up in 2016, Little Sesame launched a grocery ready line of hummus in July 2021. The recipe was created by founders and chefs Nick Wiseman & Ronen Tenne in their flagship restaurant in Washington, DC. The hummus is made with 100% regeneratively farmed chickpeas grown by farmer Casey Bailey under the big sky in Montana. It’s freshly spun and super smooth, layered with rich tahini and brightened with freshly squeezed lemon juice.

Certified Organic, Kosher & Non-GMO Project Verified

Freshly spun in small batches; recipe developed in our flagship restaurant in Washington, D.C

As parents, we try not to play favorites. But when it comes to immunity, some ingredients just naturally rise to the top. We craft our Immunity Blends intentionally—selecting fruits with high levels of immunity-supporting nutrients—and then adding probiotics to boost beneficial gut bacteria . Because when it comes to kids, wellness always wins.

HARMLESS HARVEST®

We've got something juicy to share! Because our organic sparkling coconut water with watermelon has the taste you already know and love, but with a fun and uplifting twist of carbonation! Summery watermelon juice plus naturally sweet (but not too sweet) coconut water mix together for a refreshing flavor that can't be beat. It's hydrating, electrolyte replenishing, and has no added sugar either. You'll find that every micro-filtered sip is as refreshing as it gets—with nothing but delicious watermelon + coconut + the perfect amount of fizz + a splash of water to balance out the flavors.

With less than 15 minutes of baking, the iconic, hot & fresh New York City bagel experience is now available for home kitchens! From par baked bagels to hot bagels in minutes: a new product from Zucker's Bagels, the celebrated shops known for traditional, only-in-New-York bagels. Now anyone can enjoy a hot & fresh bagel experience, outside of NYC! We use natural flours and ingredients you can pronounce to create bagels that we kettle-boil, par-bake, and freeze to preserve their freshness. Your kitchen will smell like a delicious bagel shop as you make the bagel sandwich of your dreams! Enjoy a hot and fresh bagel right out of your oven at a moment's notice, just like we do in New York City.

Made with enriched, unbleached and unpromoted flours – all ingredients are vegan

Bagels contain 12+ grams of protein per serving

Made by NYC's favorite bagel shop

Chefs rely on partially-baked dough to create breads and baked goods with short notice
